Near Anathashayana Temple Thotadamane, Karkala

SUMMARY

MCA student with knowledge of C++, Java, JavaScript, and Python, and experience as a Full Stack Developer Intern. Familiar with the MERN stack, Git, and basic cloud concepts. Strong interest in problem-solving and logical thinking through regular LeetCode practice. Eager to learn artificial intelligence to contribute effectively and apply skills in a practical development environment.

EDUCATION

Master of Computer Applications	2025-Present	CGPA:8.29
<i>Mangalore Institute of Technology & Engineering</i>		
Bachelor of Computer Applications	2022 – 2025	CGPA : 9.13
<i>Dr. NSAM First Grade College , Nitte</i>		
Senior Secondary (12th) - KSEEB	2020-2022	Percentage:96%
<i>SNV Karkala</i>		
Secondary School (SSLC) – KSEEB	2019-2020	Percentage:79%
<i>Pervaje Karkala</i>		

SKILLS

Languages	: C++, Java, JavaScript, Python
Interface	: HTML5, CSS.
Database	: MongoDB, MySQL.
Tools	: Git, GitHub, VS Code.
Technologies	: Node.js, Express.js, ASP.NET MVC
Problem Solving	: Leetocde Practise
Core Skills	: DSA, OOP , REST APIS.

INTERNSHIP

Saara IT Solutions Pvt. Ltd| Fullstack Developer Intern May 2024 – July 2024

Project : Task Management Application

Technologies : ASP.NET MVC framework

As a Full Stack Developer Intern at Saara IT Solution LTD at Karkala, I gained hands-on experience building and maintaining dynamic web applications using the ASP.NET MVC framework..

PROJECTS

Travelling Ticket Booking System

Technologies : React, Express, MongoDB, NodeJS.

Developed a full-stack Traveling Ticket Booking System using the MERN stack to facilitate seamless online reservations. As a primary backend contributor, I engineered the RESTful APIs with Node.js and designed the MongoDB database schema for efficient data handling.

Real-Time Messaging Application

Technologies : Node.js, Express, MongoDB, WebSocket, HTML5/CSS3

Currently developing a real-time messaging application with integrated AI language translation to enable seamless, cross-lingual communication. Building the full-stack architecture using Node.js, Express, and MongoDB, while implementing WebSockets for instantaneous, low-latency chat delivery.

COURSES & WORKSHOPS

- **Honewell Cyber Security** , Coursera
- **AWS Cloud Technical Essentials** , Coursera
- **Hardware and PC Maintainance**, Dr. NSAM First Grade College , Nitte
- **Deloitte Australia - Technology Job Sumulation**, Deloitte
- **DLithe Coding Bootcamp** , Dr. NSAM First Grade College , Nitte
- **Android Application Development**, Dr. NSAM First Grade College , Nitte
- **Essentials of Programming and Coding Practices**: Mangalore Institute of Technology & Engineering, 2025.

ACHIEVEMENTS & ACTIVITIES

- Achieved 1st place at Code Space Arena, a competitive technical event organized by the MCA Department. Demonstrated strong technical skills to outpace fellow competitors and secure the top ranking.
- Solved 100+ leetcode problems
- Annual Volunteering Camp: NSS (National Service Scheme)
